NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Carlow; and purpose giving similar Tables from time to time, for each County, at such intervals as the progress of the work will permit, beginning with the Province of Leinster, to be followed by those of Munster, Ulster, and Connaught.

CENSUS OF IRELAND, 1881.

COUNTY OF CARLOW.

In addition to the information contained in the County Tables, it has been deemed advisable to depart from the course pursued in 1871, and give the following Summary of the results obtained respecting the County of Carlow from the Census Returns of 1881.

SUMMARY.

Area.

The County of Carlow which, with the exception of Louth, is the smallest county in Ireland, covers an area of 221,344 statute acres, or a little over one per cent. of the total area of the country.

Distribution of Land (Table i.)

According to the Agricultural Statistics (Ireland), for this year (1881), presented to Parliament by the Registrar-General, there are 45,680 acres under tillage, 31,275 under meadow and clover, and 116,694 under pasture, making a total of 193,649 acres of Arable Land, or 87·7 per cent. of the total extent of land in the County; 2,933 acres, or 1·3 per cent. under Plantations, 4,658 or 2·1 per cent under Bog and Marsh; and 10,901 or 4·9 per cent under barren Mountain Land. The remaining 8,705 acres or 4 0 per cent, were returned as under "Roads, Fences, &c., &c."

Population (Table ii.)

The number of persons in the County of Carlow according to the Census was—in 1841, 86,228; in 1851, 68,078; in 1861, 57,137; in 1871, 51,650; and according to the recent Census **46,568** (**23,078** Males, and **23,490** Females) or **9·8** per cent less than in 1871.

Families and Houses.

The number of distinct Families in the County at the time of the late enumeration was 9,196, the average number of persons in a family being thus 5·0; and the number of Inhabited Houses was 8,846, showing an average of 5·2 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Baronies and Poor Law Unions. (Tables iii. and vi.)

The following Statement shows, by Baronies and by Poor Law Unions, the number of persons in 1871 and 1881; and the decrease during the decade.

Baronies	Population		Decrease between 1871 and 1881		Poor Law Unions	Population.		Decrease between 1871 and 1881

Total,	51,650	46,568	5,082	9·8	Total,	51,650	46,568	5,082	9·8

From the foregoing Statement it will be observed that the highest per-centage of decrease in the Baronies took place in St. Mullin's Upper and Rathvilly, viz. 12 4 and 11 9 respectively, and the lowest in Idrone East and Carlow, viz. 8 5 and 9 0 respectively. The highest per-centage of decrease in the Poor Law Unions occurred in the portion of Shillelagh Union, situated in this County, and the lowest in the small portion of Enniscorthy similarly situated.

Birthplaces of the Inhabitants. (Table xxiv.)

Of the persons enumerated in the county in 1881, 86·06 per cent. were born therein, 11·52 in other counties of the Province of Leinster, ·85 per cent. in Munster, ·48 per cent. in Ulster, ·22 per cent. in Connaught; ·66 per cent. in Great Britain, ·21 per cent. were born abroad, and 3 persons were born at sea.

Civic Districts. (Table v.)

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts.

The county contains two such districts, viz., Carlow and Bagenalstown, both Townships constituted under the provisions of the Act 17 & 18 Vic., cap 103, in 1871 the total population of these two townships amounted to 8,835, in 1881 it was 8,039, showing a decrease of 796 or 9 0 per cent, in the rural district of the county the decrease was 10·0 per cent.

Parliamentary Representation (Table v.)

The county returns two Members to Parliament, the constituency in 1881 being 2,128, and the borough of Carlow (a small portion of which is in the Queen's County), with a constituency of 295, returns one Member.

Religious Professions (Table xxviii.)

The following statement shows, according to Religious Professions, the Number of Persons in 1871 and 1881, and the increase or decrease during the decade —

Religious Professions.	Number of Persons.		Per-centage of Total Population		Increase or Decrease, 1871-1881.		
	1871	1881	1871	1881	Increase	Decrease	Rate per Cent
Roman Catholics,	45,621	41,223	88 3	88·5	—	4,398	9 6
Protestant Episcopalians,	5,656	5,048	10 9	10·8	—	608	10·8
Presbyterians,	132	81	0 3	0 2	—	51	38 6

Information refused,*	—*	1	—	—	1	—	—*
Total,	51,650	46,568	100	100	—	5,082	9 8

From the above Table it will be seen that of the total population of the County, in 1881, 88·5 per cent. were Roman Catholics, 10 8 per cent Protestant Episcopalians, 0·2 per cent. Presbyterians, 0·3 per cent. Methodists, and 0 2 per cent. members of other Religious Denominations. During the decade there was a decrease in the

number of persons belonging to each of the principal Religious Denominations, the respective rates of decrease being as follow:—Roman Catholics, 9·6 per cent.; Protestant Episcopalians, 10·8, Presbyterians, 38·6, and Methodists, 17·3.

Education. (Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the County of Carlow in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms.

Degrees of Elementary Education	1871.		1881	
	Number of Persons	Rate per Cent	Number of Persons	Rate per Cent
Read and Write,	24,496	47·4	26,506	56·9

Illiterate,	17,868	34·6	13,026	28·0
Total,	51,650	100	46,568	100

From the above it will be seen that whereas, according to the Returns of 1871, only 47·4 per cent. of the Inhabitants could "read and write," in 1881, 56·9 per cent could do so; that the per-centage of the population who could "read only" in 1871 was 18·0, and in 1881, 15·1; and that the per-centage of the "illiterate" fell from 34·6 in 1871 to 28·0 in 1881.

The following statement shows the Population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate.

	1871			1881		
	Males.	Females	Total	Males.	Females	Total
Population, 5 years old and upwards,	22,467	23,397	45,864	20,695	21,138	41,833
Number of ditto Illiterate,	5,723	6,359	12,082	4,044	4,247	8,291
Proportion per cent.,	25·5	27·2	26·3	19·5	20·1	19·8

From the foregoing statement it will be seen that, in 1871, 26·3 per cent. of the inhabitants, aged five years and upwards, were Illiterate (25·5 per cent. of the males and 27·2 of the females), and that, in 1881, the per-centage was but 19·8 (19·5 males and 20·1 females).

Religious Professions and Education. (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 21·4 per cent. of Roman Catholics, 7·6 per cent of Protestant Episcopalians, 1·4 per cent. of Presbyterians, 2·6 per cent. of Methodists, and 2·5 per cent. of "All other Denominations" were Illiterate.

School Attendance. (Table xxxvii.)

The number of children attending school in the County of Carlow, according to the Census of 1871 (week ending 17th June), was 6,636, or 41·7 per cent. of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 6,900, or 44·6 per cent. of the persons aged 5 and under 20.

The Sick. (Table x.)

In 1871 the number of persons in the County of Carlow returned as Sick, on the night of the Census, was 274, or 1 in every 189 of the population, in 1881 the number so returned was 287, or 1 in every 163 of the population, of the latter number 162 were at their own homes, and 125 were in hospital.

Pauperism. (Table x.)

The number of persons returned in 1871 as receiving relief under the Poor Law System was 876, or 1 in every 59 of the population; of this number 346 were inmates of Carlow Workhouse, and 530 were in receipt of outdoor relief, in 1881 the number returned was 1,323, or 1 in every 35 of the population - 427 of these being in the Workhouse, and 862 on outdoor relief.

Marriages, Births, and Deaths. (Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District," each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act, which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions

According to the Returns of the Registrar-General the number of Marriages registered in the County of Carlow, during the ten years ending 31st March, 1881, was 2,176, equal to an average annual rate of 4·4 per 1,000 of the population. The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·7 per 1,000.

The number of Births registered in the County during the ten years was 12,066, affording an average annual rate of 24·6 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000

The Deaths registered during the decennium amounted to 9,494, being equal to an average annual rate of 19·3 per 1,000; the corresponding rate for the whole of Ireland was 18·3 per 1,000

Emigration (Table xxxviii.)

The number of Emigrants from the County during the ten years ending 31st March, 1881, amounted to 5,440 (2,754 males and 2,686 females); the number for the previous decade was 4,505, and for that ending with March, 1861, 10,713, making a total of 21,558 for the thirty years.

Registration of Births and Deaths and Emigration. Decrease in the Population.

The number of Births registered during the ten years ending 31st March, 1881, being 12,066, and the number of Deaths 9,494; a natural increase of 2,572 would appear to have taken place in the Population, but the Emigrants, during the same period, having amounted to 5,440, the net result shown is a decrease of 2,868: this number differs from the decrease (5,082) in the population, as shown by the Census Returns, to the extent of 2,214, a disparity to be accounted for mainly by defective registration of Deaths in the earlier years, and to some extent by incomplete Returns of Emigrants; together with the fact that no record of Migration from one part of Ireland to another is obtainable.

(g) The remainder of the Registrar's District of Coolattin and Clonegall is in the Counties of Wexford and Wicklow.
(h) The remainder of the Registrar's District of Coolkenna and Hacketstown is in the County of Wicklow
(i) The areas of the Registrar's District of Coolkenna and Hacketstown, and the Union of Shillelagh have been decreased by the transfer of the portion of the Electoral Division of Rath, in the County Carlow, to the Electoral Division of Tullow, Union of Carlow, by Sealed Order of the Local Government Board which took effect on the 29th September, 1877, and the number of houses for 1841, 1851, 1861 and 1871, and population for 1871, have been altered, so as to compare with 1881

NOTE.—The Houses will be found arranged under four classes in Table VIII., p 10. The plan of classification is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent as shown by the number of rooms, 2nd, its quality, as shown by the number of its windows—and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.

Four classes have been adopted—in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm-house, having from five to nine rooms and windows, and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.—

First Class accommodation consisting of 1st class houses occupied by one family.

Second Class accommodation consisting of 2nd class houses occupied by one family, and of 1st class houses occupied by two or three families.

Third Class accommodation comprising 3rd class houses with one family each, 2nd class houses with two or three families, and 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub-Order, are included all persons *aged 15 years and upwards*, returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English, while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting

† These form the second group in the classification of the National Board, the Model Schools being the first See Rules of the Commissioners of National Education, page 8.

NOTE

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County and City of Dublin; and purpose giving similar Tables from time to time, for each County, at such intervals as the progress of the work will permit, beginning with the Province of Leinster, to be followed by those of Munster, Ulster, and Connaught.

CENSUS OF IRELAND, 1881.

COUNTY AND CITY OF DUBLIN.

In addition to the information contained in the County Tables, it has been deemed advisable to depart from the course pursued in 1871, and give the following Summary of the results obtained respecting the County and City of Dublin from the Census Returns of 1881.

SUMMARY.

Area.

The County and City of Dublin cover an area of 226,895 statute acres, or 1·1 per cent. of the total area of the country.

Distribution of Land. (Table i.)

According to the Agricultural Statistics (Ireland), for last year (1881), presented to Parliament by the Registrar-General, there were 37,815 acres under tillage, 50,909 under meadow and clover, and 103,698 under pasture, making a total of 192,422 acres of Arable Land, or 85·0 per cent. of the total extent of land in the County; 4,274 acres, or 1·9 per cent. under Plantations; 2,109 or 0·9 per cent. under Bog and Marsh; and 11,982 or 5·3 per cent. under barren Mountain Land. The remaining 15,736 acres or 6·9 per cent. were returned as under "Roads, Fences, &c., &c."

Population. (Table ii.)

The number of persons in the County and City of Dublin according to the Census was—in 1841, 372,773; in 1851, 405,147, in 1861, 410,252; in 1871, 405,262; and according to the recent Census **418,910** (**197,740** Males and **221,170** Females) or **3·4** per cent. more than in 1871.

Families and Houses.

The number of distinct Families in the County and City at the time of the late enumeration, was 88,377, the average number of persons in a family being thus 4·49; and the number of Inhabited Houses was 52,700, showing an average of 7·63 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Baronies and Poor Law Unions. (Tables iii. and vi.)

The following Statement shows, by Baronies and by Poor Law Unions, the number of persons in 1871 and 1881; and the increase or decrease during the decade:—

The highest per-centages of increase in the Poor Law Unions occurred in Dublin North, and that portion of Rathdown situated in this County. A decrease of 5·0 per cent. took place in the Union of Balrothery.

Birthplaces of the Inhabitants. (Table xxiv.)

Of the persons enumerated in Dublin (County and City) in 1881, 61·90 per cent. were born therein, 20·49 per cent. in other counties of the Province of Leinster; 4·72 per cent. in Munster; 3·87 per cent. in Ulster; 2·22 per cent. in Connaught; 4·56 per cent. in England or Wales; 1·10 per cent. in Scotland; 1·14 per cent. were born abroad; and 75 persons were born at sea.

Civic Districts. (Table v.)

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts. Dublin contains 13 such districts, in 1871 the total population thereof was 332,118, in 1881 it was 351,820, showing an increase of 19,702 or 5·9 per cent; in the rural district of the county there was a decrease of 8·3 per cent.

Parliamentary Representation (Table v.)

The county returns two Members to Parliament, the constituency, in 1881, being 4,991; the borough of Dublin, with a constituency of 13,491, returns two Members, and the University of Dublin likewise returns two Members.

Religious Professions. (Table xxvii.)

The following statement shows, according to Religious Professions, the number of persons in the County and City of Dublin, in 1871 and 1881, and the increase or decrease during the decade:—

Religious Professions

From the preceding Table it will be seen that of the total population of the County and City in 1881, 76·5 per cent were Roman Catholics, 19·3 per cent. Protestant Episcopalians, 1·9 per cent. Presbyterians, 0·9 per cent. Methodists, and 1·4 per cent. members of other Religious Denominations. During the decade there was an increase in the number of Roman Catholics, amounting to 4·4 per cent.; of Protestant Episcopalians, 2·1 per cent.; of Presbyterians, 4·0 per cent.; and of Methodists, 14·5 per cent. There appears a decrease of 2,274, or 27·9 per cent, in the number of persons under the head of "All Other Denominations," in 1871 there were included in this group 3,895 persons returned on Census Forms as "Protestants," concerning whose religious profession no further information could be obtained; in 1881 the number so returned was but 160.

Education. (Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the County and City of Dublin in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms

Degrees of Elementary Education.	1871		1881	
	Number of Persons	Rate per Cent	Number of Persons	Rate per Cent
Read and Write,	250,072	61·7	280,294	66·9
Read only,	42,311	10·4	39,189	9·4
Illiterate,	112,879	27·9	99,427	23·7
Total,	405,262	100·	418,910	100·

From the above it will be seen that whereas, according to the Returns of 1871, only 61·7 per cent. of the Inhabitants could "read and write," in 1881, 66·9 per cent. could do so; that the per-centage of the population who could "read only" in 1871 was 10·4, and in 1881, 9·4; and that the per-centage of the "illiterate" fell from 27·9 in 1871 to 23·7 in 1881.

(Table xxxii.)

The following statement shows the Population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate.

	1871			1881.		
	Males.	Females	Total	Males.	Females	Total
Population, 5 years old and upwards,	166,222	195,666	361,888	175,015	198,734	373,749
Number of ditto Illiterate,	29,757	39,748	69,505	24,316	29,957	54,273
Proportion per cent,	17·9	20·3	19·2	13·9	15·1	14·5

From the foregoing statement it will be seen that, in 1871, 19·2 per cent. of the inhabitants, aged five years and upwards, were Illiterate (17·9 per cent. of the males and 20·3 of the females), and that, in 1881, the per-centage was but 14·5 (13·9 of the males and 15·1 of the females).

Religious Professions and Education (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 17·7 per cent. of Roman Catholics, 4·4 per cent of Protestant Episcopalians, 3·4 per cent. of Presbyterians, 3·4 per cent. of Methodists, and 5·2 per cent. of the members of "all other Denominations" were Illiterate.

School Attendance. (Table xxxvii.)

The number of children attending school in the County and City of Dublin, according to the Census of 1871 (week ending 17th June), was 50,571 or 43·0 per cent. of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 55,192, or 45·0 per cent. of the persons aged 5 and under 20.

The Sick. (Table x.)

In 1871 the number of persons in the County and City of Dublin returned as Sick, on the night of the Census, was 5,602, or 1 in every 72 of the population; in 1881 the number so returned was 6,399, or 1 in every 65 of the population; of the latter number 782 were at their own homes, and 5,617 were in hospital.

Pauperism. (Table x.)

The number of persons returned in 1871 as receiving relief under the Poor Law System was 7,101, or 1 in every 57 of the population; of this number 5,959 were inmates of Workhouses, and 1,142 were in receipt of outdoor relief; in 1881 the number returned was 11,172, or 1 in every 37 of the population: 6,891 of these being in the Workhouses, and 4,281 on outdoor relief.

Marriages, Births, and Deaths. (Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the County and City of Dublin during the ten years ending 31st March, 1881, was 30,442, equal to an average annual rate of 7·4 per 1,000 of the population. The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·7 per 1,000.

The number of Births registered during the ten years was 114,284, affording an average annual rate of 27·7 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000.

The Deaths registered during the decennium amounted to 108,714, being equal to an average annual rate of 26·4 per 1,000; the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration (Table xxxviii.)

The number of Emigrants from the County and City during the ten years ending 31st March, 1881, amounted to 19,726 (10,585 males and 9,141 females); the number for the previous decade was 30,772, and for that ending with March, 1861, 25,755, making a total of 76,253 for the thirty years.

Registration of Births and Deaths and Emigration. Increase in the Population.

The number of Births registered during the ten years ending 31st March, 1881, being 114,284, and the number of Deaths 108,714; a natural increase of 5,570 would appear to have taken place in the Population, but the Emigrants, during the same period, having amounted to 19,726, the net result would represent a decrease of 14,156: according to the Census Returns, however, there was an increase of 13,648, a difference to be accounted for by immigration, of which no record is obtainable.

(a) Of whom 4,991 are for the County.
(b) Of whom 2 are for the County. The University of Dublin, which returns 2 Members to Parliament, is technically a "Borough," but being in that sense an abstraction of law, and without the incidents of boundary, area, and population, cannot be tabulated as a Borough for Census purposes.

(b) "Hibernian Military School." (c) "Beggar's Bush Barracks." (d) "Richmond Barracks."

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, *i.e.*, their actual state.

Four classes have been adopted—in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window, in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows, and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First class accommodation consisting of 1st class houses, occupied by one family.

Second class accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses, occupied by two or three families.

Third class accommodation comprising 3rd class houses, with one family each, or 2nd class houses, with two or three families, and 1st class houses occupied by four or five families.

Fourth class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

* The designation 'Primary' has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English; while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board; the Model Schools being the first. See Rules of the Commissioners of National Education, page 8.

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Kildare; and purpose giving similar Tables from time to time, for each County, at such intervals as the progress of the work will permit, beginning with the Province of Leinster, to be followed by those of Munster, Ulster, and Connaught.

From the foregoing Statement it will be observed that the highest per-centages of decrease in the Baronies took place in Salt South, Offaly East, and Salt North, viz. 27·1, 17·9, and 14·2 respectively; and the lowest in Naas North, Connell, and Offaly West, viz., 0·5, 0·9 and 2·1, respectively. The highest per-centage of decrease in the Poor Law Unions occurred in that portion of Celbridge situated in this county, and the lowest in that portion of Athy similarly situated.

Birthplaces of the Inhabitants. (Table xxiv.)

Of the persons enumerated in the county in 1881, 75·38 per cent. were born therein, 13·05 per cent in other counties of the Province of Leinster; 2·38 per cent. in Munster; 1·30 per cent. in Ulster; 1·20 per cent. in Connaught, 6·13 per cent. in Great Britain; 0·66 per cent. were born abroad; and 6 persons were born at sea.

Civic Districts. (Table v.)

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts

The county contains 3 such districts, viz., Athy, Naas, and Newbridge, Townships constituted under the provisions of the Act 17 & 18 Vic., cap. 103; in 1871 the total population of these 3 townships amounted to 11,456, in 1881 it was 11,361, showing a decrease of only 95 persons; in the rural district of the county the decrease was 10·7 per cent.

Parliamentary Representation (Table v.)

The county returns two Members to Parliament, the constituency in 1881 being 2,819.

Religious Professions. (Table xxviii.)

The following statement shows, according to Religious Professions, the number of persons in 1871 and 1881, and the increase or decrease during the decade:—

Religious Professions	Number of Persons.		Per-centage of Total Population		Increase or Decrease, 1871–1881.		
	1871.	1881.	1871.	1881.	Increase.	Decrease.	Rate per Cent.
Roman Catholics,	71,879	65,935	86·0	87·0	—	5,944	8·3
Protestant Episcopalians,	10,038	8,503	12·0	11·2	—	1,535	15·3
Presbyterians,	969	770	1·1	1·0	—	199	20·5

Information refused,*	—	2	—	—	2	—	—
Total,	83,614	75,804	100·	100·	—	7,810	9·3

From the above Table it will be seen that of the total population of the county in 1881, 87·0 per cent. were Roman Catholics, 11·2 per cent. Protestant Episcopalians, 1·0 per cent. Presbyterians, 0·5 per cent. Methodists, and 0·3 per cent. members of other Religious Denominations (and Religion Unascertained). During the

decade there was a decrease in the number of persons belonging to each of the principal Religious Denominations, the respective rates of decrease being as follow:—Roman Catholics, 8·3 per cent.; Protestant Episcopalians, 15·3 per cent.; Presbyterians, 20·5 per cent., and Methodists, 21·6 per cent.

Education. (Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the County of Kildare in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms.

Degrees of Elementary Education.	1871.		1881.	
	Number of Persons.	Rate per Cent.	Number of Persons.	Rate per Cent.
Read and Write,	43,783	52·4	44,411	58·6
Read only,	11,472	13·7	9,711	12·8
Illiterate,	28,359	33·9	21,682	28·6
Total,	83,614	100	75,804	100

From the above it will be seen that whereas, according to the Returns of 1871, only 52·4 per cent of the Inhabitants could "read and write," in 1881, 58·6 per cent. could do so; that the per-centage of the population who could "read only" in 1871 was 13·7, and in 1881, 12·8; and that the per-centage of the "illiterate" fell from 33·9 in 1871 to 28·6 in 1881.

The following statement shows the Population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate.

	1871.			1881.		
	Males	Females	Total.	Males	Females	Total
Population, 5 years old and upwards,	40,425	34,239	74,664	36,732	31,098	67,830
Number of ditto Illiterate,	9,983	9,426	19,409	7,190	6,518	13,708
Proportion per cent.,	24·7	27·5	26·0	19·6	21·0	20·2

From the foregoing statement it will be seen that, in 1871, 26·0 per cent. of the inhabitants, aged five years and upwards, were Illiterate (24·7 per cent. of the males and 27·5 of the females), and that, in 1881, the per-centage was but 20·2 (19·6 of the males and 21·0 of the females).

Religious Professions and Education. (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 22·6 per cent. of Roman Catholics, 4·5 per cent. of Protestant Episcopalians, 3·1 per cent. of Presbyterians, 3·4 per cent. of Methodists, and 3·3 per cent. of members "Of all other Denominations" were Illiterate.

School Attendance (Table xxxvii.)

The number of children attending school in the County of Kildare, according to the Census of 1871 (week ending 17th June), was 9,841 or 38·1 per cent. of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 10,511, or 44·3 per cent. of the persons aged 5 and under 20.

The Sick. (Table x.)

In 1871 the number of persons in the County of Kildare returned as Sick, on the night of the Census, was 830, or 1 in every 101 of the population; in 1881 the number so returned was 569, or 1 in every 133 of the population; of the latter number 165 were at their own homes, and 404 were in hospital.

Pauperism. (Table x.)

The number of persons returned in 1871 as receiving relief under the Poor Law System was 1,892, or 1 in every 44 of the population; of this number 825 were inmates of Workhouses, and 1,067 were in receipt of outdoor relief; in 1881 the number returned was 2,630, or 1 in every 29 of the population: 969 of these being in the Workhouses, and 1,661 on outdoor relief.

Marriages, Births, and Deaths. (Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act, which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the County of Kildare during the ten years ending 31st March, 1881, was 3,628, equal to an average annual rate of 4·6 per 1,000 of the population. The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·7 per 1,000.

The number of Births registered in the County during the ten years was 19,600, affording an average annual rate of 24·6 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000.

The Deaths registered during the decennium amounted to 14,366, being equal to an average annual rate of 18·0 per 1,000; the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration. (Table xxxviii.)

The number of Emigrants from the County during the ten years ending 31st March, 1881, amounted to 5,883 (3,107 males and 2,776 females); the number for the previous decade was 7,419, and for that ending with March, 1861, 12,257, making a total of 25,559 for the thirty years.

Registration of Births and Deaths and Emigration.

The number of Births registered during the ten years ending 31st March, 1881, being 19,600, and the number of Deaths 14,366, a natural increase of 5,234 would appear to have taken place in the Population, but the Emigrants, during the same period, having amounted to 5,883, the net result shown is a decreass of 649: this number differs from the decrease (7,810) in the population, as shown by the Census Returns, to the extent of 7,161*, a disparity to be accounted for by defective registration, and to some extent by incomplete Returns of Emigrants; together with the fact that no record of Migration from one part of Ireland to another is obtainable.

The Navy and Military serving in Ireland are included in the Population Tables in 1861, 1871, and 1881, but not in previous Censuses. The number in the County of Kildare in 1861 was 5,103, in 1871, 5,440, and in 1881 3,714.

(a) This parish now includes townlands which, in 1881, constituted three other parishes—viz.: the townlands marked (*) formed the parish of Ballybought, those marked (†), that of Coghlanstown, and those marked (‡), the parish of Jago. See note (b).

(b) This townland now includes the townland of the same name, which was situated in the former parish of Jago, as returned in the Census publications of 1851 and previous decades.

(c) Ballymore Eustace town stands on the townlands of Ballymore Eustace, East, Bishopsland, Bishopslane, and Tinnycross, in which its valuation is included; its estimated area is 70 acres.

(d) The remainder of Kilcullen town is in the parish of Kilcullen, see p. 224. The entire town contains 783 persons, and has an estimated area of 41 acres. This portion stands on the townland of Kilcullenbridge, in which its valuation is included.

(a) The Civic Districts comprise the townships of Athy, Naas, and Newbridge.
(b) Exclusive of the huts which comprise the Curragh Camp, and of the families residing in them.

NOTE—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.

Four classes have been adopted—in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation consisting of 1st class houses, occupied by one family.

Second Class accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses, occupied by two or three families.

Third Class accommodation comprising 3rd class houses, with one family each, or 2nd class houses, with two or three families, and 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub Order, are included all persons *aged 15 years and upwards*, returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English; while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board, the Model Schools being the first. See Rules of the Commissioners of National Education, page 8.

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest, and as in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County and City of Kilkenny; and purpose giving similar Tables from time to time, for each County, at such intervals as the progress of the work will permit, beginning with the Province of Leinster, to be followed by those of Munster, Ulster, and Connaught.

CENSUS OF IRELAND, 1881.

COUNTY AND CITY OF KILKENNY.

In addition to the information contained in the County Tables, it has been deemed advisable to depart from the course pursued in 1871, and give the following Summary of the results obtained respecting the County and City of Kilkenny from the Census returns of 1881.

SUMMARY.

Area.

The County and City of Kilkenny, cover an area of 509,732 statute acres, or 2·5 per cent. of the total area of the country.

Distribution of Land (Table i.)

According to the Agricultural Statistics (Ireland), for this year (1881), presented to Parliament by the Registrar-General, there are 97,227 acres under tillage, 62,077 under meadow and clover, and 290,470 under pasture, making a total of 449,774 acres of Arable Land, or 88 8 per cent. of the total extent of land in the County, 10,648 acres, or 2·1 per cent. under Plantations; 10,645 or 2·1 per cent under Bog and Marsh; and 12,108 or 2·4 per cent. under barren Mountain Land. The remaining 23,501 acres or 4 6 per cent. were returned as under "Roads, Fences, &c, &c."

The number of persons in the County and City of Kilkenny according to the Census was—in 1841, 202,420; in 1851, 158,748; in 1861, 124,515; in 1871, 109,379; and according to the recent Census **99,531** (**48,971** Males, and **50,560** Females) or **9·0** per cent. less than in 1871.

Families and Houses.

The number of distinct Families in the County and City at the time of the late enumeration was 19,588, the average number of persons in a family being thus 5·0; and the number of Inhabited Houses was 18,721, showing an average of 5·2 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Baronies and Poor Law Unions. (Tables iii. and vi.)

The following Statement shows, by Baronies and by Poor Law Unions, the number of persons in 1871 and 1881, and the decrease during the decade.

Of the persons enumerated in the county in 1881, 92 08 per cent. were born therein, 3 92, in other counties of the Province of Leinster; 2 92 per cent. in Munster; 23 per cent. in Ulster; ·24 per cent. in Connaught; ·44 per cent. in Great Britain; and ·17 per cent. were born abroad.

Civic Districts. (Table v.)

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts.

The county at large contains two such districts, and portion of another, viz., Kilkenny, Callan, and part of New Ross; in 1871 the population amounted to 15,454, in 1881 it was 14,934, showing a decrease in the civic population of 520 or 3·4 per cent; in the rural district of the county the decrease was 9·9 per cent.

Parliamentary Representation (Table v.)

The county returns two Members to Parliament, the constituency in 1881 being 4,742, the borough of Kilkenny, with a constituency of 663, returns one Member, and the Borough of New Ross (a small portion of which is situated in this County), having a total constituency of 261, returns one Member.

Religious Professions (Table xxviii.)

The following statement shows, according to Religious Professions, the Number of Persons in 1871 and 1881, in the County and City of Kilkenny, and the increase or decrease during the decade:—

Religious Professions.

From the foregoing Table it will be seen that of the total population of the County, in 1881, 94·6 per cent. were Roman Catholics, 5·0 per cent. Protestant Episcopalians, ·2 per cent. Presbyterians, ·1 per cent. Methodists, and ·1 per cent. members of other Religious Denominations. During the decade there was a decrease in the number of persons belonging to each of the principal Religious Denominations, the respective rates of decrease being as follow:—Roman Catholics, 8·9 per cent; Protestant Episcopalians, 11·0; Presbyterians, 0·5; Methodists, 2·1, and all other Persuasions, 44·1.

Education. (Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the County and City of Kilkenny in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms.

Degrees of Elementary Education	1871.		1881	
	Number of Persons	Rate per Cent.	Number of Persons	Rate per Cent.
Read and Write,	51,162	46·8	55,855	56·1
Read only,	16,959	15·5	13,661	13·7
Illiterate,	41,258	37·7	30,015	30·2
Total,	109,379	100	99,531	100

From the above it will be seen that whereas, according to the Returns of 1871, only 46·8 per cent. of the Inhabitants could "read and write," in 1881, 56·1 per cent could do so, that the per-centage of the population who could "read only" in 1871 was 15·5, and in 1881, 13·7, and that the per-centage of the "illiterate" fell from 37·7 in 1871 to 30·2 in 1881.

The following statement shows the population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate.

	1871.			1881.		
	Males.	Females.	Total	Males.	Females	Total.
Population, 5 years old and upwards,	47,176	50,696	97,872	43,677	45,451	89,128
Number of ditto Illiterate,	12,798	16,953	29,751	8,823	10,789	19,612
Proportion per cent.,	27·1	33·4	30·4	20·2	23·7	22·0

From the foregoing statement it will be seen that, in 1871, 30·4 per cent. of the inhabitants, aged five years and upwards, were Illiterate (27·1 per cent. of the males and 33·4 of the females), and that, in 1881, the per centage was but 22·0 (20·2 males and 23·7 females).

Religious Professions and Education. (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in the County in 1881, excluding children under five years of age, 22·9 per cent. of Roman Catholics, 6·3 per cent. of Protestant Episcopalians, 2·0 per cent. of Presbyterians, 1·4 per cent. of Methodists, and 4·8 per cent. of "All other Denominations" were Illiterate; and that in the City the per-centage was of Roman Catholics, 23·1; Protestant Episcopalians, 4·1; Presbyterians, 2·9; Methodists, 5·8.

School Attendance (Table xxxvii.)

The number of children attending school in the County and City of Kilkenny, according to the Census of 1871 (week ending 17th June), was 14,604 or 43·6 per cent. of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 14,736, or 46·4 per cent. of the persons aged 5 and under 20.

The Sick (Table x.)

In 1871 the number of persons in the County and City of Kilkenny returned as Sick, on the night of the Census, was 1,249, or 1 in every 87·6 of the population, in 1881 the number so returned was 869, or 1 in every 114·5 of the population; of the latter number, 440 were at their own homes, and 429 were in hospital.

Pauperism. (Table x.)

The number of persons returned in 1871 as receiving relief under the Poor Law System was 3,349 or 1 in every 32·7 of the population; of this number 1,349 were inmates of Workhouses, and 2,000 were in receipt of outdoor relief; in 1881 the number returned was 3,806, or 1 in every 26·2 of the population; 1,560 of these being in the Workhouses, and 2,246 on outdoor relief.

Marriages, Births, and Deaths. (Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District," each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the county and city of Kilkenny, during the ten years ending 31st March, 1881, was 4,709, equal to an average annual rate of 4·5 per 1,000 of the population. The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·7 per 1,000.

The number of Births registered in the County during the ten years was 25,967, affording an average annual rate of 24·9 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000.

The Deaths registered during the decennium amounted to 21,364, being equal to an average annual rate of 20·5 per 1,000; the corresponding rate for the whole of Ireland was 18·3 per 1000.

Emigration. (Table xxxviii.)

The number of Emigrants from the County during the ten years ending 31st March, 1881, amounted to 9,133 (4,774 males and 4,359 females), the number for the previous decade was 12,338, and for that ending with March, 1861, 34,010 making a total of 55,481 for the thirty years.

Registration of Births and Deaths and Emigration. Decrease in the Population.

The number of Births registered during the ten years ending 31st March, 1881, being 25,967, and the number of Deaths 21,364; a natural increase of 4,603 would appear to have taken place in the Population, but the Emigrants, during the same period, having amounted to 9,133, the net result shown is a decrease of 4,530: this number differs from the decrease (9,848) in the population, as shown by the Census Returns, to the extent of 5,318, a disparity to be accounted for mainly by defective registration of Deaths in the earlier years, and to some extent by incomplete Returns of Emigrants, together with the fact that no record of Migration from one part of Ireland to another is obtainable.

The number in the County and City of Kilkenny in 1861 was 222, in 1871 351, and in 1881, 338.

NOTE—The Houses will be found arranged under four classes in Table VIII., p. 394. The plan of classification is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements *i.e.*, their actual state.

Four classes have been adopted—in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation consisting of 1st class houses, occupied by one family.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub-Order, are included all persons *aged 15 years and upwards,* returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting

† These form the second group in the classification of the National Board; the Model Schools being the first. See Rules of the Commissioners of National Education, page 8.

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest, and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners with the approval of His Excellency the Lord Lieutenant, present the following Tables for the King's County; and purpose giving similar Tables from time to time, for each County, at such intervals as the progress of the work will permit, beginning with the Province of Leinster, to be followed by those of Munster, Ulster, and Connaught.

CENSUS OF IRELAND, 1881.

KING'S COUNTY.

In addition to the information contained in the County Tables, it has been deemed advisable to depart from the course pursued in 1871, and give the following Summary of the results obtained respecting the King's County from the Census Returns of 1881.

SUMMARY.

Area.

The King's County covers an area of 493,985 statute acres, or 2·4 per cent. of the total area of the country.

Distribution of Land. (Table i.)

According to the Agricultural Statistics (Ireland), for this year (1881), presented to Parliament by the Registrar-General, there are 69,444 acres under tillage, 50,307 under meadow and clover, and 231,744 under pasture, making a total of 351,495 acres of Arable Land, or 71·4 per cent. of the total extent of land in the County, 7,522 acres, or 1·5 per cent under Plantations; 112,332 or 22·9 per cent. under Bog and Marsh; and 4,063 or 0·8 per cent. under barren Mountain Land. The remaining 16,840 acres or 3·4 per cent. were returned as under "Roads, Fences, &c., &c."

The number of persons in the King's County according to the Census was—in 1841, 146,857; in 1851, 112,076, in 1861, 90,043, in 1871, 75,900; and according to the recent Census **72,852** (**37,106** Males, and **35,746** Females) or **4·0** per cent. less than in 1871

Families and Houses.

The number of distinct Families in the County at the time of the late enumeration was 14,474, the average number of persons in a family being thus 4·9; and the number of Inhabited Houses was 13,873, showing an average of 5·1 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted

Baronies and Poor Law Unions. (Tables iii. and vi.)

The following Statement shows, by Baronies and by Poor Law Unions, the number of persons in 1871 and 1881; and the increase or decrease during the decade.

Total,	75,900	72,852	3,048	4·0

From the foregoing Statement it will be observed that there was a slight increase in the Baronies of Eglish, Kilcoursey, and Philipstown, Lower, and that the highest per-centage of decrease in the other Baronies took place in Ballyboy and Clonlisk, viz 8·7 and 8·8 respectively. The highest per-centage of decrease in the Poor Law Unions occurred in that portion of Roscrea situated in this county, and the lowest in that portion of Tullamore similarly situated.

Birthplaces of the Inhabitants. (Table xxiv.)

Of the persons enumerated in the county in 1881, 83·88 per cent. were born therein, 7·43 in other counties of the Province of Leinster, 4·20 per cent. in Munster; 0·81 per cent. in Ulster, 1·69 per cent. in Connaught; 1·55 per cent. in Great Britain, 0·44 per cent. were born abroad; and 8 persons were born at sea.

Civic Districts. (Table v.)

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts.

The county contains two such districts, viz., Parsonstown and Tullamore Townships, constituted under the provisions of the Act 17 & 18 Vic., cap. 103, and portion of a third, namely, part of the town of Portarlington not under any local governing body; in 1871 the total population of the foregoing amounted to 11,035, in 1881 it was 10,895, showing a decrease of 140, or 1·3 per cent., in the rural district of the county the decrease was 4·5 per cent.

Parliamentary Representation (Table v.)

The county returns two Members to Parliament, the constituency in 1881 being 3,211; the borough of Portarlington, portion of which is situated in this county, with a total constituency of 142, returns one Member.

Religious Professions. (Table xxviii.)

The following statement shows, according to Religious Professions, the Number of Persons in 1871 and 1881, and the increase or decrease during the decade:—

Religious Professions	Number of Persons.		Per-centage of Total Population.		Increase or Decrease, 1871–1881.		
	1871.	1881	1871	1881.	Increase.	Decrease	Rate per Cent.
Roman Catholics,	67,411	65,040	88·8	89·3	—	2,371	3·5
Protestant Episcopalians,	7,479	6,883	9·9	9·4	—	596	8·0
Presbyterians,	281	290	0·4	0·4	9	—	3·2

Total,	75,900	72,852	100·	100	—	3,048	4·0

From the above Table it will be seen that of the total population of the County, in 1881, 89·3 per cent were Roman Catholics, 9·4 per cent. Protestant Episcopalians, 0·4 per cent. Presbyterians, 0·6 per cent. Methodists,

Religious Professions.

and 0·3 per cent. members of other Religious Denominations. During the decade there was a decrease in the number of Roman Catholics and of Protestant Episcopalians amounting to 3·5 per cent. of the former, and 8·0 per cent of the latter; there was an increase in the number of Presbyterians and Methodists; and a decrease in the number of persons tabulated under the head of "All other Denominations."

Education. (Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the King's County in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms

Degrees of Elementary Education.	1871		1881	
	Number of Persons	Rate per Cent	Number of Persons.	Rate per Cent
Read and Write,	34,360	45·3	39,322	54·0

Illiterate,	28,383	37·4	22,116	30·4
Total,	75,900	100·	72,852	100·

From the above it will be seen that whereas, according to the Returns of 1871, only 45·3 per cent. of the Inhabitants could "read and write," in 1881, 54·0 per cent could do so; that the per-centage of the population who could "read only" in 1871 was 17·3, and in 1881, 15·6; and that the per-centage of the "illiterate" fell from 37·4 in 1871 to 30·4 in 1881.

The following statement shows the Population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate.

—	1871			1881		
	Males.	Females.	Total.	Males	Females.	Total
Population, 5 years old and upwards,	34,136	33,684	67,820	33,296	31,971	65,267
Number of ditto Illiterate,	9,793	10,510	20,303	7,347	7,184	14,531
Proportion per cent,	28·7	31·2	29·9	22·1	22·5	22·3

From the foregoing statement it will be seen that, in 1871, 29·9 per cent. of the inhabitants, aged five years and upwards, were Illiterate (28·7 per cent. of the males and 31·2 of the females), and that, in 1881, the per-centage was but 22·3 (22·1 males and 22·5 females).

Religious Professions and Education (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 24·2 per cent of Roman Catholics, 6·4 per cent. of Protestant Episcopalians, 2·8 per cent. of Presbyterians, 2·9 per cent. of Methodists, and 4·5 per cent. of "All other Denominations" were Illiterate.

School Attendance. (Table xxxvii.)

The number of children attending school in the King's County, according to the Census of 1871 (week ending 17th June), was 7,887, or 33·5 per cent. of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 9,942, or 41·5 per cent. of the persons aged 5 and under 20.

The Sick (Table x.)

In 1871 the number of persons in the King's County returned as Sick, on the night of the Census, was 644, or 1 in every 118 of the population; in 1881 the number so returned was 563, or 1 in every 129 of the population; of the latter number 259 were at their own homes, and 304 were in hospital

Pauperism. (Table x.)

The number of persons returned in 1871 as receiving relief under the Poor Law System was 1,271, or 1 in every 60 of the population, of this number 858 were inmates of Workhouses, and 413 were in receipt of outdoor relief; in 1881 the number returned was 1,695, or 1 in every 43 of the population 915 of these being in the Workhouses, and 780 on outdoor relief

Marriages, Births, and Deaths (Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the King's County during the ten years ending 31st March, 1881, was 3,126, equal to an average annual rate of 4·2 per 1,000 of the population. The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·7 per 1,000

The number of Births registered in the County during the ten years was 17,609, affording an average annual rate of 23·7 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000

The Deaths registered during the decennium amounted to 12,906, being equal to an average annual rate of 17·4 per 1,000, the corresponding rate for the whole of Ireland was 18·3 per 1,000

Emigration. (Table xxxviii.)

The number of Emigrants from the County during the ten years ending 31st March, 1881, amounted to 8,778 (4,661 males and 4,117 females), the number for the previous decade was 12,140, and for that ending with March, 1861, 21,061, making a total of 41,979 for the thirty years.

Registration of Births and Deaths and Emigration.

The number of Births registered during the ten years ending 31st March, 1881, being 17,609, and the number of Deaths 12,906; a natural increase of 4,703 would appear to have taken place in the Population, but the Emigrants, during the same period, having amounted to 8,778, the net result shown is a decrease of 4,075: this number is in excess of the decrease (3,048) in the population, as shown by the Census Returns, to the extent of 1,027, a disparity to be accounted for mainly by defective registration of Births, together with the fact that no record of Migration from one part of Ireland to another is obtainable

NOTE.—The Census of 1821 is the first that affords a means of comparison with those of subsequent decades. The Navy and Military serving in Ireland are included in the Population Tables in 1861, 1871, and 1881, but not in previous Censuses. The number in the King's County in 1861 was 1,858, in 1871, 589, and 511 in 1881.
